- Developing new and innovative environmental financing approaches and supporting and encouraging the use of cost-effective existing approaches;
- Identifying approaches specifically targeted to small/disadvantaged community financing;
- Increasing the capacity of state and local governments to carry out their respective environmental programs under current Federal tax laws;
- Analyzing how new technologies can be brought to market expeditiously;
- Increasing the total investment in environmental protection of public, and private environmental resources to help ease the environmental financing challenge facing our nations.

Board members typically contribute approximately 1-3 hours per month to the Board's work. The Board's membership services are voluntary and the Agency is unable to provide honoraria or compensation, according to FACA guidelines.
